## MIBOR REALTOR® FOUNDATION

**The real estate industry is the solution to homelessness!** We believe by bringing together the private sector with philanthropy, can create housing and opportunity for all. This year, our grants to nonprofits will increase in amount and impact. We will not only provide funding to our grantees, but also units of housing through our MIBOR members who are landlords and property managers. Our goal is to raise the funds needed in 2026 to end homelessness for one household every week in 2027.

**52 Homes | 52 Weeks**

**Your partnership means more than ever. Please join us in ending homelessness through housing!**
